66.—(1) This section applies to any deduction purportedly made under section 37B of the principal Act before the date of

commencement of section 37 and any collection or recovery of tax that was assessed following such deduction.

- 5 (2) Such deduction, collection or recovery mentioned in subsection (1) is taken to have been validly made as if section 37 were in force at the material time, and no legal proceedings may be instituted on or after 5 October 2020 on account of such deduction, collection or recovery.

EXPLANATORY STATEMENT

This Bill seeks to implement the tax changes in the Government’s 2020 Budget Statement in the Income Tax Act (Cap. 134) (the Act) and to make certain other amendments to the Act. It also makes related amendments to the Stamp Duties Act (Cap. 312).

Clause 1 relates to the short title and commencement.

Clause 2 amends section 2 (Interpretation) to amend the definition of “incapacitated person” for the following purposes:

- (a) to replace the existing reference to “infant” with a reference to an individual who is below 21 years of age;
- (b) to replace the existing reference to “lunatic, idiot or insane person” with a reference to an individual who is unable to make a decision for himself or herself in relation to any matter at the material time because of an impairment of, or a disturbance in the functioning of, the mind or brain. Such impairment or disturbance may be permanent or temporary.

Clause 3 inserts a new section 3A to provide that the Minister, after consultation with the responsible Minister of a public body, may assign a function or power under a provision of the Act or any subsidiary legislation made under the Act (called an incentive provision) to the public body (called an authorised body). If so assigned, the public body, when carrying out the function or exercising the power, is treated as carrying out a function or exercising a power conferred on the public body under the Act that establishes it. The public body must carry out a function or exercise a power under an incentive provision in accordance with any directions given by the Minister.

The new section 3A also provides the following:

- (a) a member of the public body who is not from the public sector must not be involved in the carrying out of a function or exercise of a power under an incentive provision by the public body;
- (b) the public body must not delegate a function or power under an incentive provision to any of its members, or any other person, who is not from the public sector;
- (c) a member of the public body who is from the public sector, or any other person to whom the function or power has been delegated, that receives or obtains certain information for the purposes of an incentive provision, must not disclose or provide access to the information to a member of the public body, or any other person, who is not from the public sector;
- (d) the public body may carry out a function or exercise a power under an incentive provision despite the absence of a quorum at any meeting of the public body resulting from the new section 3A(5) or (7), and the absence of a quorum does not affect the validity of any function carried out or power exercised by the public body.

Clause 4 amends section 6 (Official secrecy) to allow for the disclosure of any information relating to any person to an authorised officer of the government of another country if express written consent of the person is provided. The disclosure must be for a prescribed purpose and must satisfy the prescribed conditions.

The amendment also allows the Comptroller to provide any information to the chief executive officer of the Inland Revenue Authority of Singapore or any officer authorised by the chief executive officer of the Inland Revenue Authority of Singapore that is required for the performance of the official duties of these officers in administering any public scheme that is specified in the new Ninth Schedule.

Clause 5 amends section 7 (Rules) to empower the Minister to make rules to prescribe the mode of payment for any refund to be made under the Act to any person or class of persons.

Clause 6 amends section 10E (Ascertainment of income from business of making investments) which (among other things) provides that expenses incurred for an investment business of a company or property trust, and allowances relating to such business, may only be deducted against income from such business, and any excess is to be disregarded. The section is amended to provide that where the investment is an immovable property, the section applies only if the company or trustee of a property trust is the legal owner of the property, or otherwise has a proprietary interest in the property and would receive consideration if the

proprietary interest is disposed of or transferred, for example, by way of an assignment or a novation.

Clause 7 amends section 10H (Ascertainment of income from business of hiring out motor cars or providing driving instruction). The section provides that in determining the income derived by any person for any year of assessment from any business of hiring out motor cars or of providing driving instruction using motor cars, any outgoings and expenses incurred in respect of, and capital allowances relating to, that business may only be deducted against or allowed as a deduction against the income derived from that business. Any excess of such outgoings, expenses or allowances is not available as a deduction against any other income of that person or available for transfer under section 37C.

The amendment provides for the section to apply in determining the income derived by any person from any business of providing chauffeur services using motor cars for the year of assessment 2021 or any subsequent year of assessment.

Clause 8 amends section 10O (Additional Tier 1 capital instruments) which provides that any distribution liable to be made in respect of an Additional Tier 1 instrument in the basis period for the year of assessment 2015 or a subsequent year of assessment is deemed to be interest derived from a debt security for that year of assessment. The amendment amends the definition of “MAS Notice 637” to replace the reference to section 55 of the Banking Act (Cap. 19) with a reference to sections 10A(1) and 10B(1) of that Act as that Notice is now issued under those sections of that Act.

Clause 9 amends section 13 (Exempt income) for the following purposes:

- (a) to extend till 31 March 2022, the period in which income derived by a non-resident individual from acting as an arbitrator is exempt from tax;
- (b) to extend till 31 March 2022, the period in which income derived by a non-resident qualifying mediator (as defined in that section) from providing the services of a mediator for a mediation in Singapore (or that would have taken place in Singapore but for the settlement of the dispute or withdrawal of the claim in question) is exempt from tax;
- (c) to extend till 31 March 2022, the period in which income derived by a non-resident individual from providing the services of a mediator for a qualifying mediation (as defined in that section) in Singapore (or that would have taken place in Singapore but for the settlement of the dispute or withdrawal of the claim in question) is exempt from tax;
- (d) to clarify that the reference to a charter of a ship in section 13(1)(oa) does not include a finance lease of the ship.

Clause 10 amends section 13A (Exemption of shipping profits) which provides for certain income of a shipping enterprise to be exempt from tax. The amendment provides that the tax exemption applies to certain income derived on or after

19 February 2020 by a shipping enterprise in respect of a ship that is provisionally registered under the Merchant Shipping Act (Cap. 179), and which registry is not closed, deemed to be closed or suspended.

In addition, clause 10 amends section 13A to provide that income derived from an activity in subsection (1CA) by a shipping enterprise on or after 12 December 2018 is exempt from tax even if it is derived by it as a lessor of a ship under a finance lease that is treated as a sale.

Finally, clause 10 amends section 13A to provide that the tax exemption for income derived from the finance leasing of a Singapore ship does not apply where the income is derived by the shipping enterprise as part of a business of trading in ships or constructing ships for sale.

Clause 11 amends section 13F (Exemption of international shipping profits) which provides for certain income of an approved international shipping enterprise to be exempt from tax under that section. The amendment provides that income derived by an approved international shipping enterprise from providing prescribed ship management services to its qualifying shareholder or a qualifying special purpose vehicle of the approved international shipping enterprise or another approved international shipping enterprise, in respect of ships owned or operated by the qualifying shareholder or the qualifying special purpose vehicle, qualifies for tax exemption. The tax exemption applies to income derived on or after 19 February 2020. “Qualifying shareholder” is defined as a company that is incorporated and resident in Singapore, and beneficially owns (whether directly or indirectly) at least 50% of the total number of the issued ordinary shares of the approved international shipping enterprise.

In addition, clause 11 amends section 13F to provide that income derived from an activity in section 13F(1)(g) by an approved international shipping enterprise on or after 12 December 2018 is exempt from tax even if it is derived by it as a lessor of a foreign ship under a finance lease that is treated as a sale.

Clause 11 further extends the last date (till 31 December 2026) on which an international shipping enterprise that does not meet the qualifying conditions for the purposes of section 13F(2)(a) may be approved for the purposes of the section.

Lastly, clause 11 amends section 13F to provide that the tax exemption under section 13F(1)(r) does not apply to any income derived by an approved international shipping enterprise as part of a business of trading in foreign ships or of constructing for sale foreign ships for any operation or activity mentioned in that provision.

Clause 12 amends section 13H (Exemption of income of venture company). The section enables regulations to be made to exempt from tax specified income derived by an approved venture company from making certain investments. The amendments —

- (a) extend the last date on which an approval may be granted under the section to 31 December 2025;
- (b) provide that the tax exemption may in the first instance be specified to be for a period not exceeding 15 years (instead of the existing cap of 10 years). Where the specified period is less than 15 years, the Minister or person appointed by the Minister may extend that period, but the total period of the tax exemption must not exceed 15 years;
- (c) remove the requirement that the investments be approved by the Minister or person appointed by the Minister; and
- (d) provide for authorised investments for the purposes of the section to be prescribed by regulations for income derived on or after 1 April 2020.

Clause 13 amends section 13S (Exemption of income of shipping investment enterprise). The section provides for certain income derived by an approved shipping investment enterprise to be exempt from tax. The amendment extends the last date (till 31 December 2026) on which a shipping investment enterprise or its related party may be approved under that section.

In addition, clause 13 amends section 13S to provide that income derived by an approved shipping investment enterprise from the activities in section 13S(1)(d) on or after 12 December 2018 is exempt from tax even if derived by it as a lessor of a sea-going ship under a finance lease that is treated as a sale.

Finally, clause 13 inserts a new section 13S(1DA) to provide that the tax exemption under section 13S(1)(ca) and (cc) does not apply to income derived by an approved shipping investment enterprise as part of a business of trading in sea-going ships or constructing sea-going ships for sale.

Clause 14 amends section 13Y (Exemption of certain income of prescribed sovereign fund entity and approved foreign government-owned entity) which exempts from tax certain prescribed income of —

- (a) a prescribed sovereign fund entity arising from its funds that are managed in Singapore by an approved foreign government-owned entity; or
- (b) an approved foreign government-owned entity arising from its funds that are managed in Singapore, and from managing in Singapore the funds of, or providing in Singapore any investment advisory service to, a prescribed sovereign fund entity.

The amendments define “sovereign fund entity” and “foreign government-owned entity” to include —

- (a) an entity that is incorporated, formed or established by the government or other public authority of a foreign country —

- (i) directly; or
 - (ii) indirectly through one or more intermediate entities;
- (b) an entity that is incorporated, formed or established by the law of a foreign country, and that is not a public authority of that foreign country; and
- (c) an entity that is incorporated, formed or established by an entity mentioned in paragraph (b) —
 - (i) directly; or
 - (ii) indirectly through one or more intermediate entities.

Clause 15 amends section 13Z (Exemption of gains or profits from disposal of ordinary shares) —

- (a) to extend the period for tax exemption on gains or profits derived by a company from the disposal of ordinary shares in another company, to 31 December 2027;
- (b) to clarify the scope of subsection (8)(b), which provides that the tax exemption does not apply to a disposal of shares in certain companies; and
- (c) to provide that the tax exemption does not apply to a disposal made on or after 1 June 2022 of unlisted shares in a company that the Comptroller is satisfied is in the business of trading, or principally carries on the activity of holding, immovable properties situated in Singapore or abroad, or had undertaken property development unless the property developed is used in carrying on the company's trade or business and the company did not undertake any property development in Singapore or abroad in the period of at least 60 consecutive months before the disposal.

Clause 16 inserts a new section 13ZA to exempt from tax certain payments that are made in connection with the COVID-19 epidemic or pandemic, or any law of Singapore, or any administrative order or direction of the Government or any statutory body, made by reason of or in connection with COVID-19 (called a COVID-19 event). These payments include —

- (a) payments made in connection with various public schemes established to mitigate the impact of COVID-19 events on persons;
- (b) rent or value of accommodation in Singapore, value of basic necessities for consumption or use in Singapore, and allowances for such accommodation or basic necessities, that are provided by an employer to an employee, subject to prescribed conditions;

- (c) a benefit (in the form of monetary payment) of the reduction in property tax resulting from a remission given for any immovable property, that the owner of the property is required to pass on to the owner's lessee or licensee under the COVID-19 (Temporary Measures) Act 2020 (Act 14 of 2020), or that the owner has passed on or has agreed to pass on to the owner's lessee or licensee and for which the owner is exempt from that requirement; and
- (d) any other monetary payment from a lessor or licensor of such immovable property to his or her lessee or licensee, that the Comptroller is satisfied is given to provide relief to the lessee or licensee from any economic hardship arising from a COVID-19 event.

Clause 17 amends section 14B (Further deduction for expenses relating to approved trade fairs, exhibitions or trade missions or to maintenance of overseas trade office) —

- (a) to extend the date by which a firm or company may be approved for the tax deduction under this section to 31 December 2025; and
- (b) to include new expenses incurred by the firm or company that qualify for a tax deduction under section 14B. The new expenses are —
 - (i) expenses to secure speaking spots, for the transportation of materials or samples or to engage a consultant to arrange a business networking event, for a trade mission or trade promotion activity outside Singapore; and
 - (ii) expenses to engage a consultant to identify suitable persons to promote the trading of goods or provision of services or to build up a business network in a country outside Singapore.

Clause 18 amends section 14I (Provisions by banks and qualifying finance companies for doubtful debts and diminution in value of investments) to disapply subsections (5) and (6) for the years of assessment 2021 and 2022. Subsection (5) sets out the maximum amount of deduction that may be allowed to a bank or qualifying finance company for provisions for doubtful debts arising from its loans and provisions for diminution in the value of its investments in securities. Subsection (6) disallows such deduction if the bank or qualifying finance company has no qualifying profits in the basis period for a year of assessment, or where the total amount of all deductions previously allowed, that have not been deemed trading receipts under the section, exceeds 3% of the value of the loans and investments prescribed for the basis period for a year of assessment.

Clause 19 amends section 14K (Further or double deduction for overseas investment development expenditure) to extend the date by which —

- (a) a firm or company may be approved for the purposes of a deduction for expenditure to carry out an approved investment project overseas; and

- (b) an investment project may be approved for the purposes of such deduction,

to 31 December 2025.

Clause 20 amends section 14KA (Further or double deduction for salary expenditure for employees posted overseas) to extend the date by which a firm or company may be approved for the purposes of a deduction under that section, and the date by which expenses incurred qualify for such deduction, to 31 December 2025.

Clause 21 amends section 14Q (Deduction for renovation or refurbishment expenditure). The amendment deletes the existing subsection (3A) which is spent and substitutes a new subsection (3A) to allow the full amount of renovation or refurbishment expenditure incurred by a person during the basis period relating to the year of assessment 2021 to be deducted in that year of assessment, instead of over 3 years of assessment under subsection (3). However, the taxpayer may elect for the deduction to be made in accordance with subsection (3).

Clause 22 inserts new sections 14ZE and 14ZF that are related to the new section 13ZA.

The new section 14ZE allows an entity set out in the Tenth Schedule to be given a deduction against its income for the year of assessment 2021 or 2022 for —

- (a) the value of benefits given by the entity to self-employed individuals who drive chauffeured private hire cars or taxis in connection with an amount received by the entity out of a payment by the Government to the Special Relief Fund under a public scheme known as the Point-to-Point Support Package; and
- (b) any monetary payment given by the entity to individuals who drive chauffeured private hire cars or taxis, that the Comptroller is satisfied is given to mitigate income loss arising from a COVID-19 event.

The new section 14ZF allows a lessor or licensor of immovable property that is entitled to property tax remission under the Property Tax (Non-Residential Properties) (Remission) Order 2020 (G.N. No. S 155/2020), to be given a deduction against his or her income for the year of assessment 2021 or 2022 for —

- (a) a benefit (in the form of monetary payment) of the reduction in property tax resulting from the remission, that the lessor or licensor is required to pass on to a lessee or licensee of that property under the COVID-19 (Temporary Measures) Act 2020, or which he or she has passed on or agreed to pass on to the lessee or licensee and for which he or she is exempt from that requirement; and
- (b) any other monetary payment that the lessor or licensor gives to that lessee or licensee, that the Comptroller is satisfied is given to provide

relief to the lessee or licensee from any economic hardship arising from a COVID-19 event.

Clause 23 amends section 15 (Deductions not allowed) to allow a person that is in the business of providing chauffeur services to claim a tax deduction for outgoings and expenses and the cost of renewal incurred in respect of a chauffeured private hire car, if the car is principally used by the person for such business. This amendment only applies for the year of assessment 2021 and subsequent years of assessment.

Clause 24 inserts a new section 15A to disallow a lessee or licensee to claim a deduction against his or her expenditure on the leasing or licensing of property, of an amount that corresponds to the amount of exemption that the lessee or licensee enjoys under the new section 13ZA(4).

Clause 25 amends section 18C (Initial and annual allowances for certain buildings and structures). The section provides for allowance to be made to a person for qualifying capital expenditure incurred on any approved construction or renovation of a building or structure on industrial land, port land or airport. The amendment extends the last date on which an approval may be granted under that section to 31 December 2025. The amendment also provides that an application under subsection (1) or (1A) may be made on or after 1 July 2010 or 22 February 2014 (whichever is applicable).

Clause 26 amends section 19 (Initial and annual allowances for machinery or plant) which provides that where a person carrying on a trade, profession or business incurs capital expenditure on the provision of machinery or plant for the purposes of that trade, profession or business —

- (a) an initial allowance is to be made to the person for the year of assessment in the basis period in which the capital expenditure is incurred; and
- (b) an annual allowance is to be made to the person for any year of assessment if the person has in use the machinery or plant for the person's trade, profession or business in the basis period for that year of assessment, which is determined by reference to the working life of the asset as specified in the Sixth Schedule.

The amendment provides that in the case of an asset acquired by a person for the basis period for the year of assessment 2023 or any subsequent year of assessment or under a hire-purchase agreement signed in the basis period for the year of assessment 2023 or any subsequent year of assessment, the number of years of working life of the asset is any of the years mentioned below, as elected by the person:

- (a) where the number of years of its working life as specified in the Sixth Schedule is less than 16 years — 6 or 12 years;

- (b) where the number of years of its working life as specified in the Sixth Schedule is 16 years — 6, 12 or 16 years.

The election must be made at the time of lodgment of the person's return of income for the year of assessment relating to the basis period in which the asset was acquired or the hire-purchase agreement was signed, or within such further time as the Comptroller may allow.

Further, where an asset is acquired in the basis period for any year of assessment before the year of assessment 2023 or under a hire-purchase agreement signed in the basis period for any year of assessment before the year of assessment 2023, and no claim for an initial or annual allowance has been made on the asset, an election may be made (for the purpose of working out the annual allowance for the asset) for the number of years of its working life to be 6, 12 or 16 years (depending on the number of years of the asset's working life specified in the Sixth Schedule). The election must be made to the Comptroller at the time of lodgment of the person's return of income for the year of assessment 2023, or within such further time as the Comptroller may allow.

In addition, clause 26 amends section 19 to allow capital allowance to be made in respect of a chauffeured private hire car to any person if the car —

- (a) is acquired by the person in the basis period for the year of assessment 2021 or a subsequent year of assessment, and used principally by the person for the business of providing chauffeur services; or
- (b) was initially acquired by the person when carrying on the business of hiring out cars and used by the person principally for such business, and is then used in the basis period for the year of assessment 2021 or a subsequent year of assessment by the person principally for the business of providing chauffeur services carried on by the person.

Clause 27 amends section 19A (Allowances of 3 years or 2 years write off for machinery and plant, and 100% write off for computer, prescribed automation equipment and robot, etc.). The section provides that where a person carrying on a trade, profession or business incurs capital expenditure on the provision of machinery or plant for the purposes of that trade, profession or business, the person may be allowed (in lieu of the allowances provided under section 19) for any year of assessment, an annual allowance of $33\frac{1}{3}\%$ in respect of the capital expenditure incurred.

The amendment enables a person that incurs such capital expenditure in the basis period for the year of assessment 2021, to make an irrevocable election for the following allowances instead:

- (a) for the year of assessment 2021, an annual allowance of 75% in respect of the capital expenditure incurred;

- (b) for the year of assessment 2022, an annual allowance of 25% in respect of the capital expenditure incurred.

The above amendment also applies to an instalment paid in a basis period for a year of assessment (whether the year of assessment 2021 or a subsequent year of assessment) under a hire-purchase agreement entered into in the basis period for the year of assessment 2021.

Clause 27 also makes amendments to section 19A(2FA) and (2G) that are consequential on the amendments made to section 19 allowing a taxpayer to elect the number of years of working life of an asset for the purposes of computing the annual allowance.

Clause 28 amends section 19D (Writing-down allowance for IRU). The section provides for writing-down allowances to be made to a person in respect of capital expenditure incurred by the person for the acquisition of an indefeasible right to use any international telecommunications submarine cable system (IRU) for the purposes of the person's trade, business or profession. The amendment extends by 5 years (till 31 December 2025) the last date on which such capital expenditure may be incurred to be eligible for the writing-down allowance.

Clause 29 makes an amendment to section 23 (Carry forward of allowances) that is consequential on the amendments to section 37E.

Clause 30 repeals and re-enacts section 33 (Comptroller may disregard certain transactions and dispositions). The re-enacted section 33 requires the Comptroller to disregard or vary a tax avoidance arrangement described in that section and to make adjustments in order to counteract any tax advantage obtained or obtainable by the person under that arrangement. The re-enacted section 33 provides that the re-enacted section 33(1)(c) includes an arrangement to increase any qualifying deduction by a transferor company to be transferred to a claimant company under section 37C, for the claimant company to claim such qualifying deduction under section 37C.

The amendment also provides that the issue of whether the re-enacted section 33(1)(a), (b) or (c) applies to a case, and any action taken by the Comptroller under that section in a case, may be questioned in an appeal against an assessment in accordance with Part XVIII.

Clause 30 also inserts a new section 33A that provides that if in the year of assessment 2023 or a subsequent year of assessment, the Comptroller imposes a liability to tax or an additional amount of tax on a person for that year of assessment under section 33, or recomputes any gain, profit or loss of, any capital allowance allowed to, or any deduction for a donation made by, a person for that year of assessment under that section which results in the imposition of a liability to tax or an additional amount of tax on that person for any year of assessment, a surcharge equal to 50% of the amount of tax or the additional amount of tax is

imposed on the person and is recoverable by the Comptroller from the person as a debt due to the Government.

However, in a case where an adjustment is made under section 33 to a qualifying deduction that has been transferred under section 37C by a transferor company to a claimant company, and the Comptroller makes an assessment on the claimant company following a reduction or disregarding of the qualifying deduction that has been transferred, the surcharge is imposed on the transferor company.

Clause 31 amends section 34 (Decision of Comptroller no bar to appeal) to delete the reference to section 33 as the right of appeal is now provided under the re-enacted section 33.

Clause 32 makes an amendment to section 34G (Modification of provisions for companies redomiciled in Singapore) to disapply to a redomiciled company (as regards capital expenditure incurred before the date of its registration) the amendments made to section 19A regarding the right to elect for different amounts and periods for writing down allowances for capital expenditure incurred in the year of assessment 2021.

Clause 33 amends section 34J (Tax treatment arising from adoption of FRS 116 or SFRS(I) 16). The section allows a recipient of a Maritime Sector Incentive (MSI) (i.e., a company, partnership or registered business trust entitled to a tax incentive for its income under section 13A, 13F, 13S or 43ZA) that has prepared its financial accounts in accordance with the financial reporting standard known as FRS 116 or SFRS(I) 16, to elect for the tax treatment set out in the section.

The amendment provides that the Comptroller's power to reverse any tax treatment that has been applied under the section in relation to any provisionally-registered ship if that ship subsequently fails to obtain a permanent certificate of registry under the Merchant Shipping Act, does not apply if the electing MSI recipient derives the income mentioned in section 13A(1), (1B), (1CA), (1CD), (1CE), (1CF), (1CG), (1CH), (1CI), (1CJ), (1CK) or (1CL) in respect of that ship on or after 19 February 2020 (but not before that date).

Clauses 34, 35 and 36 make amendments to sections 36A (Limited liability partnership), 36C (Limited partnership) and 37 (Assessable income) respectively that are consequential on the amendments made by clause 39 to section 37E.

Clause 37 repeals and re-enacts section 37B (Adjustment of capital allowances, losses or donations between income subject to tax at different rates). The section provides that where a company derives income for any year of assessment that is subject to tax at different rates, and there are unabsorbed allowances, losses or donations in respect of income that is subject to tax at one rate, such unabsorbed allowances, losses or donations may be deducted against any chargeable income

of the company subject to tax at a higher or lower rate of tax in accordance with that section.

The amount of the unabsorbed allowances, losses or donations deductible against the chargeable income subject to the higher or lower tax rate (as the case may be) is to be reduced by the application of an “adjustment factor”.

Any remaining unabsorbed allowances, losses or donations after the deduction are added to, and deemed to form part of, the corresponding allowances, losses or donations in respect of the income subject to the higher or lower tax rate (as the case may be), for the next succeeding year of assessment and any subsequent year of assessment in accordance with section 23 or 37.

The re-enacted section 37B clarifies the provision as follows:

- (a) it applies where —
 - (i) a company has income subject to tax at different rates of tax for the year of assessment concerned, and there are unabsorbed allowances, losses or donations in respect of the income that is subject to tax at one of those rates; or
 - (ii) a company has income subject to tax at one rate of tax for the year of assessment concerned and income subject to tax at a different rate of tax for an earlier year of assessment, and there are unabsorbed allowances, losses or donations in respect of the second-mentioned income;
- (b) for the purpose of paragraph (a), income may be subject to different rates of tax even if the income is derived by the company from carrying on the same trade or business. This may happen if, for example, the income is subject to a concessionary rate of tax in a year of assessment but subject to the normal rate of tax in a subsequent year of assessment;
- (c) paragraph (a)(ii) does not include a case where both rates of tax are the rate specified in section 43(1)(a), but are different owing to an amendment made to it;
- (d) the re-enacted section also applies where a company has income subject to 3 or more tax rates in a year of assessment. In such a case, the company may elect its income that is subject to one of those tax rates as its income that is subject to a higher or lower tax rate (as the case may be) for the purposes of the application of section 37B(4) or (5).

Clause 38 makes an amendment to section 37C (Group relief for Singapore companies) that is consequential on the repeal and re-enactment of section 37B.

Clause 39 amends section 37E (Carry-back of capital allowances and losses) to allow a taxpayer to elect for qualifying deductions for the year of assessment 2020 to be carried back and offset against any of the taxpayer’s assessable income for

the years of assessment 2019, 2018 and 2017. This is set out in the new section 37E(1A). The deduction must first be made against the assessable income for the year of assessment 2017. Any balance of the deduction must be made against the assessable income for the year of assessment 2018. Any balance thereafter may then be made against the assessable income for the year of assessment 2019.

If the taxpayer is entitled to make a deduction under both the new section 37E(1A) and the existing section 37E(1) (which allows a person to carry back qualifying deductions to only the immediate preceding year of assessment) against the person's assessable income for the year of assessment 2017 or 2018, a deduction must first be made under section 37E(1) against the assessable income, before a deduction under the new section 37E(1A) is made against the assessable income.

A person may elect for a qualifying deduction for the year of assessment 2020 to be deducted under section 37E(1) or the new section 37E(1A).

Clause 39 also amends section 37E to enable the Comptroller to raise an assessment within 7 years after the expiration of the year of assessment 2017 or within 6 years after the expiration of the year of assessment 2018, where the Comptroller discovers that any qualifying deduction made under the new section 37E(1A) for the year of assessment 2020 against the assessable income of any person for the year of assessment 2017 or the year of assessment 2018 (as the case may be) is excessive.
